

THE PIG - Walk 2

Perrywood and New Copse Loop

Approx. 3.8 miles (105 minutes)

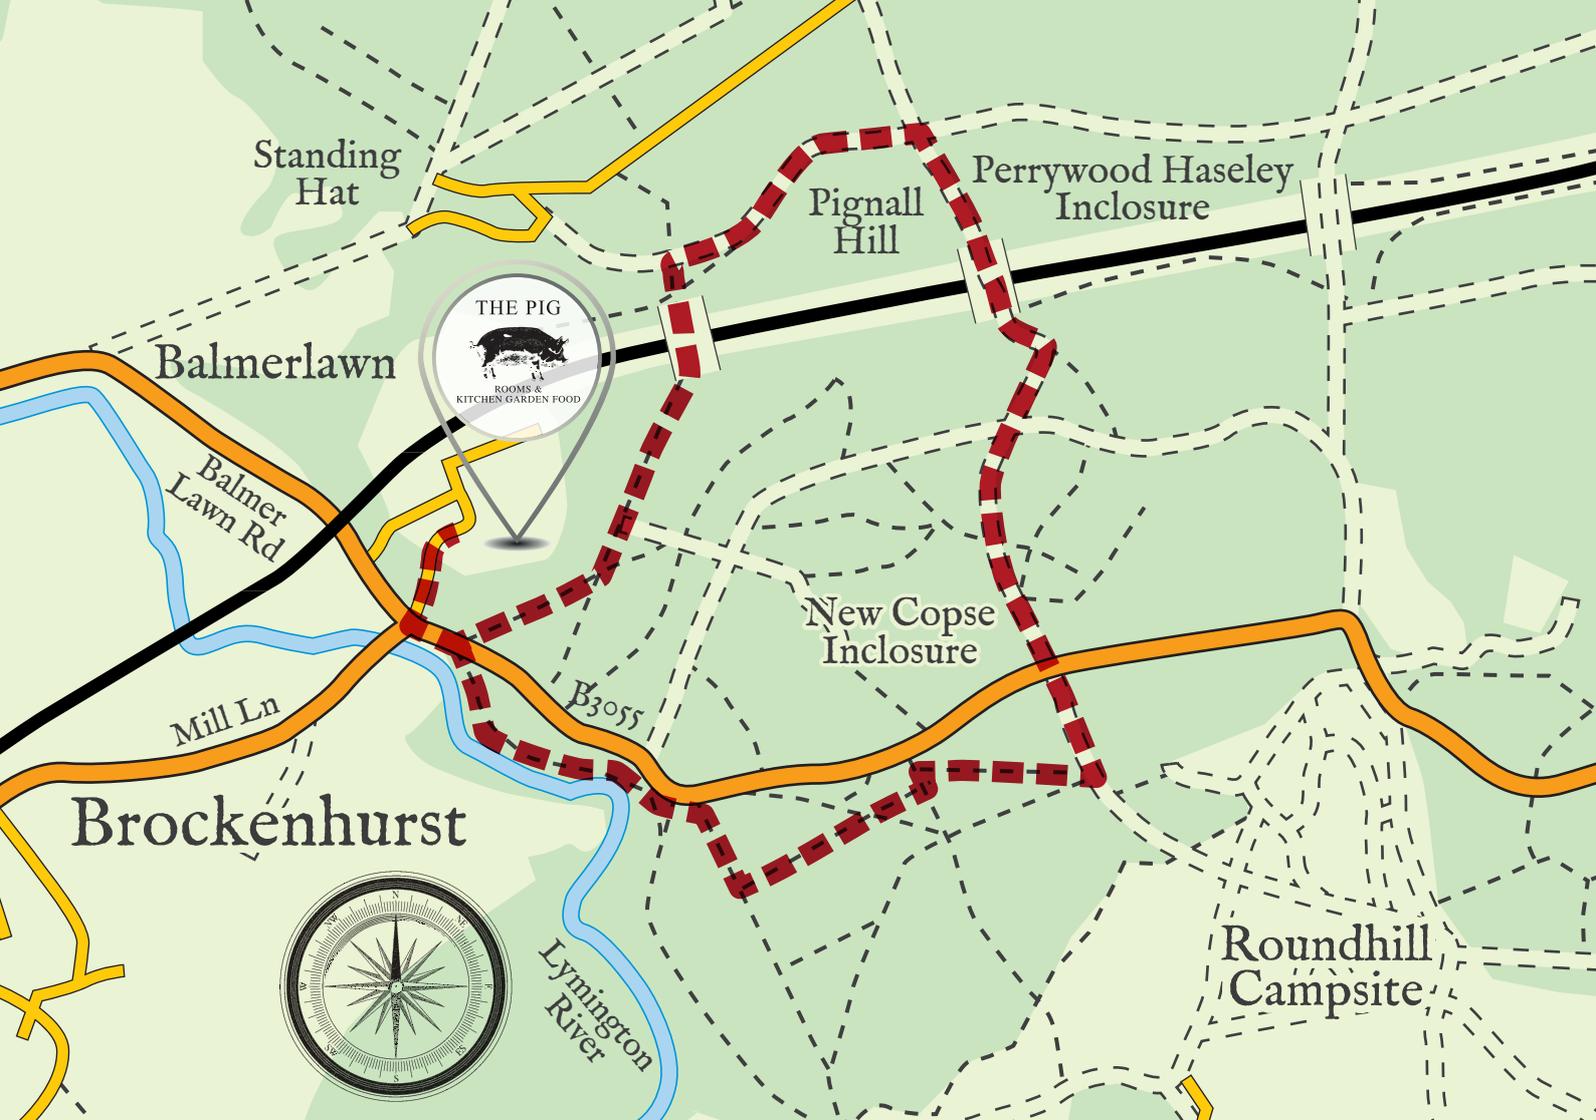

THE PIG

ROOMS &
KITCHEN GARDEN FOOD

Unfortunately although we are surrounded by the forest we don't have direct access from the hotel. This means that both these two walks involve a little bit of road walking. They are short stretches at the start and end but please be really careful, especially if you have children with you.

1. Leave hotel reception and walk down drive to main road. Turn left and walk down road for 100 yards until you see small gate on left hand side 15 yards from road. Go through and walk up to cross paths. Here go left on to gravel path.
2. After 100m do not follow gravel round to right but carry straight on, on grassy path. Go straight over next cross paths and keep going to the railway bridge. On other side go through gate and go 100m up to cross paths. Turn right here until you meet gravel path. Turn right on to gravel.
3. Carry on to gravel cross paths and post 305. At this post turn right and follow gravel over railway bridge and past cottage. Carry on the gravel until you reach the road. Please cross carefully.
4. Go straight across taking road into Roundhill Campsite. Follow road down for 100m then turn right down a grassy path. At cross paths just past two giant fir trees carry on ahead. Soon the path starts to go gently downhill. At bottom turn right and head up towards the road. Just before the road take the small path on the left and follow to the one bar gate.
5. From the gate head downhill through the trees to the river. Turn right and keeping to the river and its streams to your left and the road to your right walk through the woodland. You soon will get pushed up towards the road near some white railings. Walk on the road by the railings. Then get back in the forest and keep the road to your right.
6. You will soon pass through Ivy Wood car park and then come to the road junction with the entrance of the hotel close by.
